

SHERMAN'S CHANGES

For Re-election to the Senate Are Considered Excellent.

THE FORAKER MEN TOO PREVIOUS

In Making Claims—Members of the Legislature on the Ex-Governor's List Who Say They Are For Sherman—The Popular Choice is the Great Statesman and He Should be Returned to the Senate—He is Needed There.

COLUMBUS, Ohio, Nov. 9.—The Sherman-Foraker contest for the United States Senatorship is growing very interesting.

Papers all over the state are announcing their preference, and the friends of each are actively engaged in working up sentiment in favor of their candidate.

The Foraker supporters are the loudest in proclaiming the qualifications of the ex-governor, and a few days ago published a statement of his strength in the legislature. This was done, without doubt, to impress everybody that there was a general call for Foraker to succeed Sherman. Then it was thought, perhaps, that a few votes might be secured from members who, although preferring Mr. Sherman, rather than vote on the losing side would cast their ballots for Foraker.

The plan, however, was rather an unwise one so early in the canvass. The statement contained names of representatives and senators who had not been interrogated concerning the subject, and who, instead of being Foraker men, were outspoken for Senator Sherman. For instance, in Lucas county, Senator Griffin and Representatives Heller and Flickinger are all put down as sure for Foraker, when, in fact, both of the members are strong Sherman men, and have so expressed themselves.

In an interview yesterday Mr. Flickinger said: "While I greatly admire McKinley, Foster and Foraker as leaders in our party and would not detract from their greatness, it is my decided opinion that no man in the state of Ohio can fill the place of John Sherman in the United States Senate, and I have concluded to give him my support. I believe that by supporting him I shall best promote the highest interests of my county, state and nation."

Mr. Heller says: "I have no hesitation in saying that my preferences are for Mr. Sherman."

Then, in Williams county, Mr. Williams, the representative-elect, is on the Foraker list, but expresses himself as follows: "I wish it understood, without the slightest equivocation, that I am for John Sherman first, last and all the time, to succeed himself as United States senator."

Again, the list includes seven of the eight representatives and senators from Cuyahoga county. In Cleveland and this city it is well known that the entire delegation is a unit on Mr. Sherman's candidacy. In speaking of this the Cleveland Leader says: "In this county the legislative ticket was elected largely on the expectation that he [Mr. Sherman] would be returned to the senate. His name was favorably discussed in nearly all the ward meetings held in this city, and when he spoke here his popularity was attested by the unmistakable demonstrations of one of the largest audiences ever assembled in Cleveland. The Republicans of this section of Ohio expect to see him re-elected to the United States senate. There ought to be but little, if any, difference of opinion on this subject. Ohio needs her greatest man in the highest place. The country needs him, and Mr. Sherman's distinguished services entitle him to any honor the people of Ohio can confer."

There are other inaccuracies contained in the list of "forty votes sure for Foraker," and such unreliable statements will only prove damaging to the one whom they were supposed to benefit. All of the employees and appointees under the Foraker administration are busy shouting for their favorite, claiming that the fight is already finished and that Foraker will be the next United States senator. Such blustering is only smiled at by the Sherman people. If Mr. Foraker has enough votes pledged at the present time, why are his friends so eager in publishing the fact? It is simply a bluff on their part. Mr. Foraker has many admirers in Ohio, and no doubt has the ability to make a good senator, but at the present time John Sherman is the man to be his successor. His services to Ohio and the country are now demanded, and the nation cannot afford to lose one of its ablest counsellors.

The interest in the present struggle is not confined alone to Ohio's boundaries, but extends into most of the states of the Union. The expressions coming from the outside are wholly for Mr. Sherman, and the wonder is that Ohio people should for a moment hesitate about returning him to the United States senate. His friends are conducting a quiet canvass, and, while they do not make much noise, it is known that their work is effective, and that beyond any serious doubt Mr. Sherman will be re-elected to the senate.

THE DROUGHT BROKEN.

Copious and widespread rains in Western States.

MADISON, Wis., Nov. 9.—The continued rainfall for the last two days has had a good effect on winter wheat in this state.

With the exception of local and slight rains the period of drought has been unbroken since the time of seeding, and as a consequence the grain did not sprout well.

The recent warm rain will have a beneficial influence, and if the weather continues warm for some time a big crop may yet be expected, particularly in the valleys and lower country. The area of winter wheat sown this fall is fully as large as last year. The rain will also facilitate fall plowing, which has been largely neglected on account of drought.

As a result of recent rains in Southern, Central and Western Kansas, the wheat crop there is in good condition. In a few sections of Kansas the continued dry weather caused the wheat to sprout, but no great damage has been done. Fall wheat is not all in yet and reports from all portions of Kansas represent the average to be by far the greatest in the history of the state.

A St. Paul dispatch says: Reports from Northern Minnesota and North Dakota indicate that a heavy and very general rain has been falling since yesterday morning. It is so general in North Dakota that no thrashing will be done for several days. There is now, however, very little grain in shock, and the damage will be slight. The grain in stack will not be injured. Fall plowing will be delayed a few days, but the ground is in excellent condition, far

better than for many years, presaging a great crop in 1892.

An Indianapolis dispatch says: The severe drought that has prevailed in Indiana for several months has been partially relieved by the showers of the past few days, which have been general throughout the state.

Campbell Receives a Crow.

COLUMBUS, O., Nov. 9.—Gov. Campbell's soreness over his recent defeat was increased to-day by the receipt of a live crow from Samuel D. Blocker, of Akron, O., with the wish that it would be served at the next Democratic feast. The governor ordered the bird confined to the penitentiary for 2 years until after next election.

Ohioans Will Give Thanks.

COLUMBUS, O., Nov. 9.—Governor Campbell to-day issued his Thanksgiving proclamation. Thursday, the 25th of November, is the date set.

CHICAGO WANTS IT

And As She Generally Gets What She Goes After She May Succeed.

CHICAGO, Nov. 9.—Chicago is going after the next national Republican convention. At a meeting held this afternoon in the grand Pacific Hotel the matter was fully discussed by prominent politicians and it was the opinion that while no open fight should be made for the honor an identified effort should be put forth for it. Other meetings will be held to take such steps as are deemed necessary to secure the plum again for Chicago.

PARKERSBURG NEWS.

A Store Robbed—State Farmers' Institute Opens.

PARKERSBURG, W. Va., Nov. 9.—Burglars entered Mitchell Brothers' store at Belleville, this county, last night and got away with about \$300 worth of goods, besides forcing the safe and getting about \$60 in money, twelve silver and two gold watches, eighteen gold rings and a lot of other jewelry.

A state farmers' institute, under the auspices of the West Virginia State Board of Agriculture, assisted by the staff of the West Virginia Experiment Station and the professors of agriculture of the State University, is being held here. To-night free lectures and illustrations with an oxy-acetylene lantern were given at the court house. Professor T. C. Atkeson, Dr. C. F. Millsbaugh, Colonel D. D. Johnson and Professor A. D. Hopkins are conducting this institute.

BLOODSHED THREATENED

If the Convicts Are Sent Back to the Tennessee Mines.

NASHVILLE, TENN., Nov. 9.—The situation of affairs in Tennessee is becoming alarming.

Suspicious communication is being held between the East Tennessee miners and the miners of Kentucky, Alabama and Virginia. The mountaineers who released the convicts have sworn that the governor shall not rebuild the stockades, and that if he sends the convicts back to the mines they will be butchered in cold blood.

It has been stated officially that the rebellion of the miners, so far as estimated, has damaged the commercial standing of East Tennessee to the amount of millions of dollars. The town companies, one with \$50,000,000 capital located at Bristol, the other with \$100,000,000 capital located at Elizabethton, have refused to enter the state, claiming that the state, not being able to protect its own interests, cannot protect the interests of capital.

A SERIOUS FIRE

At Cincinnati at Which a Fireman Loses His Life.

CINCINNATI, Nov. 9.—A fire broke out this morning in Oscar Oskan's picture frame manufactory, at 134 West Second street. During the progress of the fire a ladder put up by the firemen fell and instantly killed Fireman Blockdick, and Joseph Anderson was fatally injured. The fire is in a dangerous locality and the whole fire department was called out. The fire was caused by an explosion of fine varnish in the cellar. Wm. Mayer, who was at work in the cellar was fearfully burned and was imprisoned there until the flames were subdued so that he could be brought out. He then appeared to be a raving maniac, his hair was burned off and the whole scalp had the appearance of being burned to a crisp. He was taken to the hospital where his injuries were pronounced not fatal. Loss estimated at \$30,000; insurance \$18,000.

A Great Coal Fire.

DELUTH, MINN., Nov. 9.—The great coal pile on the Northwestern Fuel Company's dock is still on fire, although water has been pouring into the mass at the rate of 1,800 gallons a minute since last Friday. Some sixty men are working away the coal from the pile so that the firemen can reach the hottest portion of the blaze.

Nothing further is known of the cause than that it is believed to be spontaneous combustion. The full extent of the loss is not yet known, but it will doubtless reach into the hundreds of thousands of dollars.

Four Men and Thirty Horses Suffocated.

DENVER, Col., Nov. 9.—The Mansions livery stables, Eighteenth and Lawrence streets, were almost completely destroyed by fire between 3:30 and 4 o'clock this morning. Four men, possibly five, rooming in the upper portion of the building, were suffocated and between twenty and thirty horses met death in the same way. The names of the men could not be learned. Their bodies have been sent to the coroner's office for identification. There were several narrow escapes, as a portion of the building over the stables is occupied by roomers.

Village Destroyed.

HOT SPRINGS, S. D., Nov. 9.—Fire destroyed the business portion of Buffalo Gap, a station on the Fremont, Elkhorn & Missouri Valley railroad, twelve miles from this city, yesterday afternoon. The loss will reach \$75,000. Light insurance.

Dr. Woon's Norway Pine Syrup was used for years as a prescription by a successful physician. It is in all respects the best cough medicine made to-day. Sold by all dealers on a guarantee of satisfaction.

A Minister Saves the Life of a Neighbor.

Mr. Isaac Snyder, a neighbor of mine, had an attack of the colic and was wishing only that he could die. I gave him a dose of Chamberlain's Colic, Cholera and Diarrhea Remedy, and in a short time he was entirely relieved. No family should be without so valuable a medicine. J. B. BAKER, Everett, Bedford county, Penn.

THE NEW POLICE ORDINANCE

Not to be Presented to Council To-night The Council Monthly Bills Passed.

The new ordinance governing the police department will not be presented to Council to-night. At a meeting of the police committee yesterday evening Capt. Delbrugge said the new ordinance met with his approbation; he suggested, however, that the ordinance regulate the size, weight and physical condition otherwise, of the men on the police force. The committee, having got so far with the new law didn't seem to know what to do with it. Mr. O'Kane moved that the ordinance lie over until the committee could meet about two weeks from now, but Mr. Warneke moved that they be read section by section and passed on, and after some cogitation Mr. Warneke withdrew his. Mr. Marsh then moved that the ordinance be adopted and referred to Council, which motion was lost. It was then decided to postpone action, the committee to be subject to the call of Chairman Happy, to meet at any time between the meeting of Council this evening and two weeks from now. In the meantime the members of the committee and the chief of police can familiarize themselves with the various provisions of the law.

The committee considered the usual monthly accounts and passed bills aggregating \$158.39.

The fire committee held a short session and passed bills amounting to \$195.62. Chief Healy reported the fall of a part of the front wall of the hook and ladder house, and was instructed to have the necessary repairs made. Mr. Bailey informed the committee that the hook and ladder house owned a beautiful and symmetrical sliding pole, but that it was of no use, as there was no hole in the ceiling for the men to come down through. He was instructed to have the hole cut.

The committees on city prison and markets passed the monthly bills, aggregating \$103.01 for the first committee and \$121.73 for the second.

The Kirmess Again.

Yesterday afternoon a largely attended meeting of the entertainment committee of the Ladies' Hospital Association was held at the residence of Mr. Julius Pollock, on Chapline street, to discuss the expediency of reproducing the Kirmess. Professor Speedy was present, and said that he would take charge of the affair and introduce quite a number of novelties and new dances. The ladies seemed to be very enthusiastic, and decided to hold another meeting next Monday afternoon and decide whether the affair will be reproduced. The funds of this committee are in a rather depleted state and something must be done in this direction. If there are enough responses from the former performers to justify reproduction, the affair will be put on the Opera House stage on a larger scale than ever, some time next February or shortly before Lent. It is to be hoped this project will be a go, as the last one was a big success, both from an artistic and financial view.

Society Notes.

The Monday Night Euchre club was entertained last evening by Mr. and Mrs. J. F. Merriman, at their home on Chapline street. This was the first meeting of the season for that club, and it was well attended and all passed an enjoyable evening.

Miss Florence Ott will give a party at the home of her father, M. L. Ott, Esq., on North Main street next Friday evening, in honor of her visitor, Miss Kate Tingle, daughter of Hon. George R. Tingle.

Wheeling Club Hop.

The dance given at the Wheeling Club last night was one of the best attended this season. Several visitors were present, among them Miss Madeira, of Baltimore; Miss Christine Eno, of St. Louis, and Miss Lila Tingle, of Washington, D. C. Supper was served at Ziegenfeller's at 12, after which dancing was resumed. The music was by Prof. Killmeyer.

Interesting Meetings.

Another interesting meeting was held at the Young Men's Christian Association building last night. The leader, Rev. A. H. Zimmermann, presented the gospel in a straightforward and manly way that impressed his hearers. In point of attendance, interest and results the special meetings are always encouraging to those conducting them. Mr. Zimmermann will address the meeting at 8 o'clock this evening. The association extends an invitation to all men of the city to attend.

Butchered his Thumb.

Samuel Levi, a butcher in the employ of Charles Kohrig, split his thumb painfully yesterday morning while chopping. He instantly broke for Dr. J. H. Pipes put four or five stitches in the wound and bound it up.

The Wheeling Building Association is still open for new members. Meets Saturday evenings at office of Franklin Insurance Company, No. 34 Twelfth street.

CLINTON SPRINGS, Battle Creek and Hot Springs Sanitariums, all famous health resorts, are using Garfield Tea in their treatment of constipation and female weaknesses.

L. S. Good sells dry goods the cheapest.

W. L. DOUGLAS, Brockton, Mass.

ERON'S CASH SHOE STORE, 1012 Main Street.

MEYERHOLZ & SARVER, 2151 Market Street.

HOW TO GET THEM.

If you want new customers, ask for them.

There are hundreds of people living within a mile of your store that don't know there is such a place, and they'll continue to be ignorant on the subject unless you take steps to inform them. Some of us are too apt to think that "everybody knows us."

Now, that line of thought is a mighty bad one for business men. If they permit themselves to be deceived by it, they are pretty sure to "get left."

Seek publicity. Keep your name and your store's location constantly before the people. Use the newspapers—there's nothing like it.
